

ALHPA GARDEN Highlights in June

※The flowering time would be changed depending on the climate of the year.
 ※The 2023 is blooming somewhat earlier.

【Evergreen Magnolia Family】

① *Magnolia grandiflora* var. *lanceolata*
 Often used for road trees. Evergreen and large flowers bloom.

② *Magnolia grandiflora* 'Timeless Beauty'
 One of ornamental plants. The edge of leaves looks like waves. Flowers last long.

③ *Magnolia virginiana*
 Flowers and leaves are a bit smaller than *Magnolia grandiflora*. Semi-evergreen to deciduous, and good fragrance.

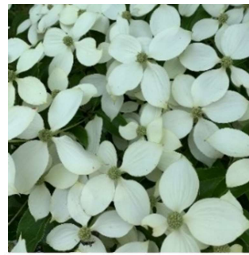

④ *Magnolia figo*
 Also called 'Banana Shrub'. You can smell banana scent from the evening. Up to the beginning of the month.

【Flowering Trees】

⑤ *Cornus kousa*
 It grows naturally in the fields and mountains of Japan. The white petals look like bracts. Also called 'Japanese Dogwood'.

⑥ *Cornus capitata*
 Looking like *Cornus kousa* (Japanese dogwood), this is evergreen and blooms a bit later.

⑦ *Cornus hongkongensis* 'Gekkou'
 Native to China, evergreen, a popular specie. Gekkou means *moonlight*.

⑧ *Deutzia crenata*
 It grows wild in the mountains and fields of Japan. Pure white flowers from May to June.

⑨ *Cotinus coggygria*
 Also called 'Smoke Tree'. What look like smoke are not flowers but hair attaching with flower stems of sterile flower. There are red, pink, and white.

⑩ *Callistemon speciosus*
 Also called 'Scarlet Bottlebrush'. Flowers are red or cream. Native to Australia. It is also called brush tree because it resembles a brush.

⑪ *Acca sellowiana*
 Also called 'Pineapple Guava' or 'Fijioa'. Fruit trees native to Central and South America. Beautiful posture and flowers.

⑫ *Itea virginica*
 Shrubs, native to North America. It fits in both Japanese and Western style. Used for tea ceremony.

⑬ *Hydrangea quercifolia* 'Snow Queen'
 Native Hydrangea in America, with fragrance, bloom earlier than Japanese Hydrangea.

⑭ *Hydrangea quercifolia* 'Snow Flake'
 Double-flowered variety of ⑬. Flowers last long.

⑮ *Hydrangea arborescens* 'Annabelle'
 Native to America, easy to care. It is becoming popular.

⑯ *Hydrangea* 'Asian Beauty'
Hydrangea serrata hybrid, not so tall. The beautiful copper leaves.

⑰ *Spiraea japonica*
 Common shrubs in gardens and parks. Flowers are red or white, and Genpei species bloom both.

Hypericum 3 types ⑱⑲⑳
 from left, ⑱ *Hypericum* 'Hidcote', ⑲ *Hypericum calycinum*, ⑳ *Hypericum androsaemum*. The *Hypericum* family shrub, in which there are *Hypericum monogynum* and *Hypericum patulum*. Fruit of ⑳ is also an object of appreciation, and there are a lot of variety of colors, good for cut flowers.

【Echinacea (Perennial Plants)】

②① *Echinacea* *Echinacea*, a typical summer perennial plant that is an essential part of the Perennial Garden, is beginning to bloom.

【Perennial Plants】

②② *Campanula punctata*
var. *punctata*
Put a firefly in the
flower and it looks
like a lantern.

②③ *Acanthus mollis*
Huge lodging plant.

②④ *Rudbeckia maxima*
Tall, large lodging plant.
Easily fallen down.

②⑤ *Veronicastrum*
virginicum
Nice view after
blooming too.

②⑥ *Dierama*
pulcherrimum
Long flower stalks
emerge from the awn-
like plant. Also called
『Angel's Fishing Rod』.

②⑦ *Stachys byzantina*
Leaves feel nice to the
touch. Also called
『Lamb's Ear』.

②⑧ *Achillea millefolium*
'Terra Cotta'

②⑨ *Lychnis coronaria*

③⑩ *Penstemon digitalis*

③① *Agastache rugosa*
'Golden Jubilee'

③② *Delosperma cooperi*

③③ *Pelargonium capitatum*

③⑤ *Allium* cvs.

The leek family have lovely leek-boy flowers, and many varieties are planted for ornamental purposes in Europe and the United States. Awaji Island is famous for its onions, so we planted them in the garden for that reason as well.

Left above, is *Allium moly*;

Right above, *Allium caeruleum*;

Left below, *Allium ampeloprasum* var. *ampeloprasum*;

Right below, *Allium sicutum*.

In addition, there is also a type *Allium sphaerocephalum*.

③④ Grasses, which ear come out just before summer.

Above, *Melinis nerviglumis* 'Savannah'

Below, *Nassella tenuissima* 'Angel Hair'

※⑤ Japanese dogwood can be seen in various places in the gardens.
